LES

A summary measure that captures how successful a member of the House or Senate is at moving their agenda items. The average LES is 1.

$$LES_{it} = \left[\begin{aligned} & \left(\frac{\alpha BILL_{it}^C + \beta BILL_{it}^S + \gamma BILL_{it}^{SS}}{\alpha \sum_{j=1}^N BILL_{jt}^C + \beta \sum_{j=1}^N BILL_{jt}^S + \gamma \sum_{j=1}^N BILL_{jt}^{SS}} \right) \\ & + \left(\frac{\alpha AIC_{it}^C + \beta AIC_{it}^S + \gamma AIC_{it}^{SS}}{\alpha \sum_{j=1}^N AIC_{jt}^C + \beta \sum_{j=1}^N AIC_{jt}^S + \gamma \sum_{j=1}^N AIC_{jt}^{SS}} \right) \\ & + \left(\frac{\alpha ABC_{it}^C + \beta ABC_{it}^S + \gamma ABC_{it}^{SS}}{\alpha \sum_{j=1}^N ABC_{jt}^C + \beta \sum_{j=1}^N ABC_{jt}^S + \gamma \sum_{j=1}^N ABC_{jt}^{SS}} \right) \\ & + \left(\frac{\alpha PASS_{it}^C + \beta PASS_{it}^S + \gamma PASS_{it}^{SS}}{\alpha \sum_{j=1}^N PASS_{jt}^C + \beta \sum_{j=1}^N PASS_{jt}^S + \gamma \sum_{j=1}^N PASS_{jt}^{SS}} \right) \\ & + \left(\frac{\alpha LAW_{it}^C + \beta LAW_{it}^S + \gamma LAW_{it}^{SS}}{\alpha \sum_{j=1}^N LAW_{jt}^C + \beta \sum_{j=1}^N LAW_{jt}^S + \gamma \sum_{j=1}^N LAW_{jt}^{SS}} \right) \end{aligned} \right] \left[\frac{N}{5} \right],$$

The background of the slide is a photograph of the interior of the U.S. Capitol dome. It shows a grand, circular space with a high, ornate ceiling. The walls are lined with large windows and a series of statues or busts. The architecture is classical, with columns and decorative moldings. The lighting is warm, coming from the windows and interior lights.
$$\widehat{LES}_{it} = \hat{\alpha} + \hat{\beta}_{seniority}Seniority_{it} + \hat{\beta}_{majority}Majority_{it} + \hat{\beta}_{com_chair}Com_Chair_{it} + \hat{\beta}_{subcom_chair}Subcom_Chair_{it}$$

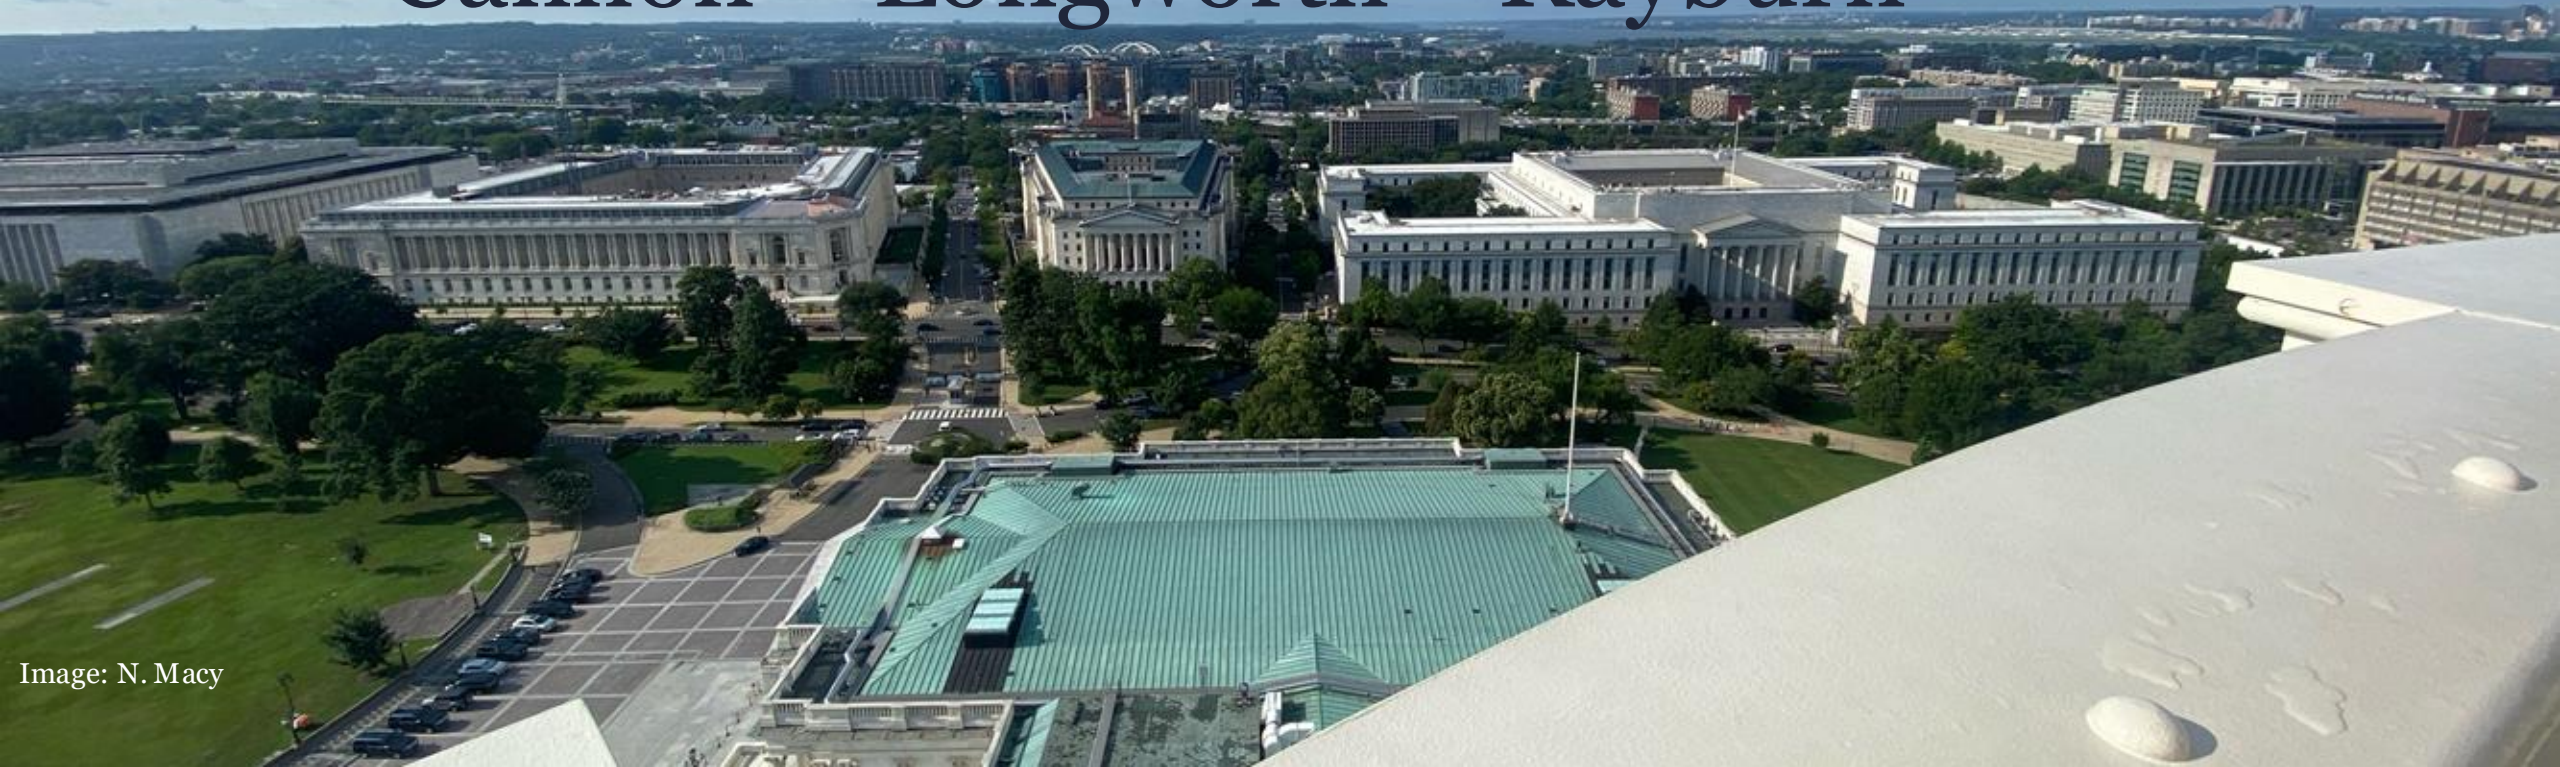

Benchmark

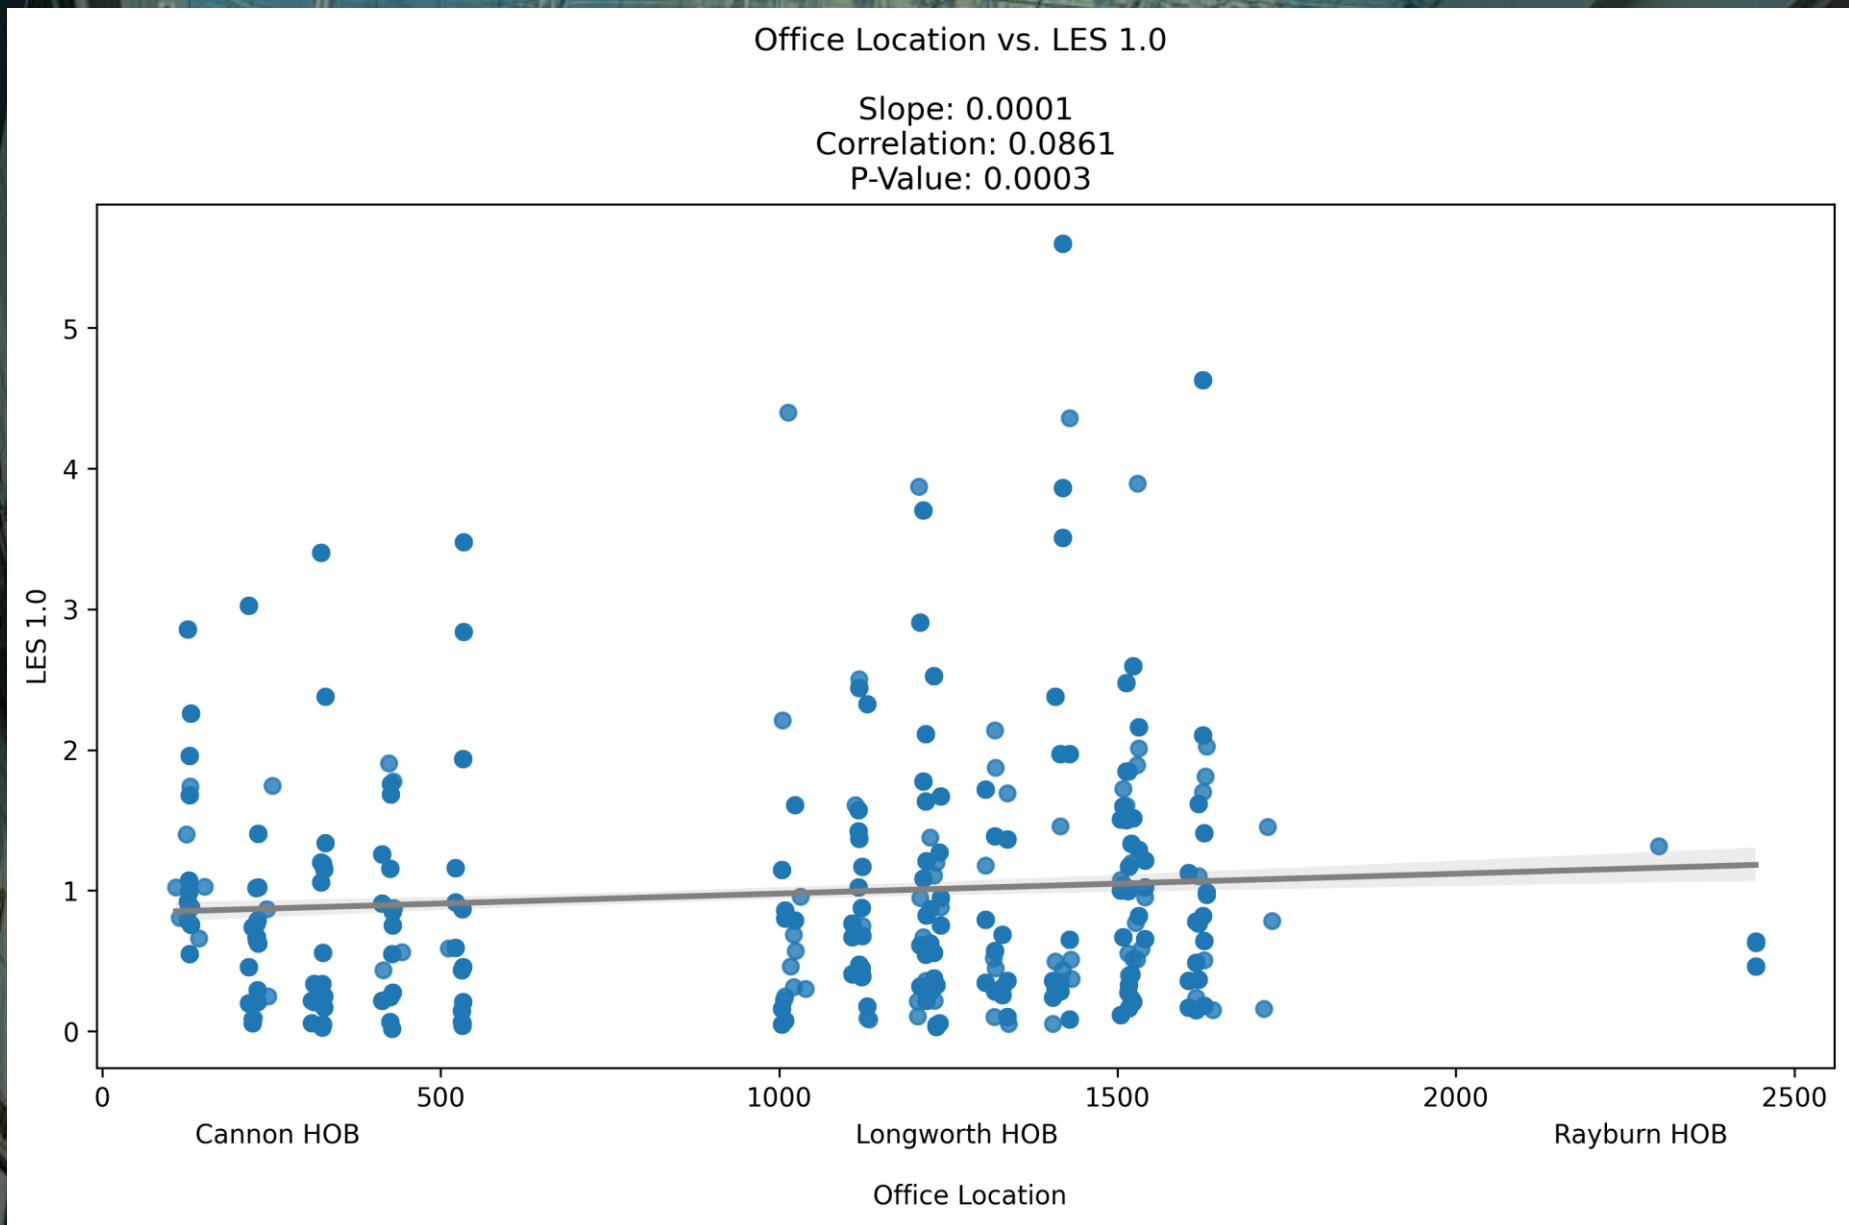

A measure of the tenure, committee assignments, seniority, and whether their party is in the majority.
